4:00PM - 6:00PM

VIRTUAL

Racial Inequities Impacting Education are multifaceted. Panelists will discuss systemic barriers that exist both inside and outside of the education system that contribute to the achievement gap between white students and students of color. Some of the barriers include economic and school funding disparities, court decisions, social and emotional factors, disparate discipline, voting rights, mass incarceration, and implicit bias.

This event is co-sponsored by the Chicago-Kent College of Law Office of Diversity, Equity & Inclusion , and the Office of Continuing Legal Education.
